Interesting stuff - kids, work, travel, etc.

I recently reread my diaries from my high school years and was reminded of all the wonderful times I had at John Adams High School. The school spirit manifested by the Class of '61 was remarkable -- Share Their Fair drives, pep rallies, lively bus rides to sectional games, sock hops, the soci trip to Chicago, etc. are all very special memories.

Steve and I were in South Bend this past Memorial Day weekend to celebrate his parents' 55th anniversary. It was quite nostalgic to drive by JAHS with our 3 grown children and say, "That's the school where your parents met!"

Our children are:

- Jeff, 26, Principia College grad, living in Palo Alto and working at Waterhouse Securities
- Mindy, 23, temporarily living and working in Arizona while she figures out what she really wants to do
- Amy, 21, math major at the University of Chicago

Steve is President and CEO of the Hewlett-Packard Employees Federal Credit Union in the five western states. He has been with -hp- for 26 years. I am a secretary at an elementary school. We enjoy our home, our jobs, our kids (two of whom are textbook examples of the "revolving door" generation), our menagerie of pets, going to the theater and to movies, and traveling within the USA.

We regret that a May trip to Indiana and a June trip to Ohio make it impossible for us to attend our 35th high school reunion. [We will particularly regret missing it if Mr. Schurr is there...] Our thanks to Jack, Jim & Gene for pulling it together.
