Interesting stuff - kids, work, travel, etc.

Life remains much the same as five years ago - same town, house, husband, job, kids - oh, Area Code did change.

In the summer of our 50<sup>th</sup> year, Jan Switzer Jackson, Diane Hill Cameron and I spent three fun filled days in Las Vegas. We didn't see Elvis, but we had a great time renewing our friendships. Take Tahoe as our next destination!

My son, Brian (25) will begin a Ph.D program in biochemistry at University of Chicago in Oct. After four years at Univ. of Illinois, three years at Purdue and 2 years at U of C, he'll probably go on for a post-doc. Sara (20) will be a junior at Purdue and looking forward to her 24<sup>th</sup> birthday, as we all did - now we wonder why.

My father is doing fine. He celebrated his 80<sup>th</sup> birthday in February. In January, 1996, he had his fourth hip replacement (3<sup>rd</sup> time - same hip). In spite of that, nothing keeps him down and he remains as active as can be - still riding his bicycle as far as possible. As usual, he will be in attendance this evening.
