Interesting stuff - kids, travel etc.

After graduation, Jack and I enrolled in Purdue University. The next two summers we stayed with our older sister, Nancy in California, as construction workers at the Aero-Jet rocket test facilities. I stayed at Purdue for two years and then transferred to IUSB prior to being drafted in 1967. Three years in the US Army in Germany, and then I returned to IUSB to pursue my Bachelors and Masters in Elementary Education. I student taught at Harrison and got my first job there teaching fourth grade for four years.

I met my wife in January 1975, and we married six weeks later. I then taught Kindergarten in LaPaz for one year before leaving education for the business world in Elkhart, IN. I served as a purchasing director, senior analyst, and for a while, had my own construction company. I was offered a position at Abitibi-Price (later to become ABTco.) in 1983 and have been there for over 13 years. I write computer programs in the evening and have taught computer classes the last 12 years.

I have three sons and one grandson. Curtis is the oldest, is married and lives in Kansas City, MO. David is second and is a Junior at Purdue on full Navy scholarship to become a pilot, and then an Aeronautical Engineer. Jason, the youngest, is a Junior at The Principia High School in Saint Louis, MO.

We have just recently moved back to the South Bend area and are in the process of remodeling. Fortunately, Jason has acquired many carpentry skills, and is a great help. (Dad doesn't put drywall on the ceiling like he used to 20 years ago)

I became a Big Brother in 1971 to a nifty red-headed boy named Little Jim. We may have the longest match in the history of BB's of 12 years. Little Jim's father died before Jim was born. He and his mother moved to South Bend six years later and joined BB. What a treat it was to sit in the John Adams auditorium, and see my "Little Brother" graduate from the same high school.
